

Hi XXX,

Hope you are doing great. I would like to introduce you to our Companion Paws Adoptions Coordinator, Teri. Teri will be your first point of contact ongoing for any questions, guidance and support through the search, all the way through to the adoption of your new furever family member. You can send Teri an email with any dog links to potentially suitable dogs from any searches, as well as any questions you have, any time to adoptions@thelifelinecanada.ca
